

OneStream Announces Full Exercise of Underwriters' Option to Purchase Additional Shares in Secondary Offering of Class A Common Stock

November 27, 2024

BIRMINGHAM, Mich., Nov. 27, 2024 /PRNewswire/ -- OneStream, Inc. ("OneStream") (Nasdaq: OS) announced today that in connection with the previously announced underwritten public offering of 15,000,000 shares of its Class A common stock, which closed on November 18, 2024, the underwriters have exercised in full their option to purchase an additional 2,250,000 shares of Class A common stock at the public offering price of \$31.00 per share, less underwriting discounts and commissions. Of the additional shares, 1,351,043 shares were sold by selling stockholders and 898,957 shares were sold by OneStream as part of a non-dilutive "synthetic secondary" transaction (the "Synthetic Secondary").

OneStream did not receive any proceeds from the sale of shares by the selling stockholders in the public offering. OneStream used all of the net proceeds to it from the public offering to purchase LLC units of OneStream Software LLC (and purchase and cancel an equal number of shares of Class C common stock) from KKR Dream Holdings LLC in the Synthetic Secondary, at a purchase price per unit equal to the public offering price per share of Class A common stock sold in the public offering, net of underwriting discounts and commissions. Accordingly, OneStream did not retain any proceeds from the public offering and, upon the closing of the public offering and the Synthetic Secondary, the total number of outstanding shares of common stock of OneStream and LLC units of OneStream Software LLC remained the same.
